

Munay-Ki Rites

Munay-Ki is a body of wisdom that was gifted to Dr. Alberto Villoldo, from his mentors in the Andes, and the jungle and the coast of Peru, that he modified and adapted to our modern way of learning and healing.

Munay-Ki is a Quechua concept that means the "**power of love**". **Munay**, in Quechua, means the unconditional love that we all have when we open our hearts. Munay is love of Pachamama for all her children! **Ki**, in the Quechua, means power to manifest. To manifest the Munay, we embark on a journey of personal healing, and as we heal, we turn our pain and suffering into compassion and kindness for others.

The ancient prophecies speak about a **period of great transformation, the time of Pachacuti**, that will ignite the evolution of human beings into people of light who live in ayni, the right relationship with all life. The time of this great upheaval is happening right now, and we are given the opportunity to heal and adapt and become stewards of our home, Mother Earth.

The rites of the Munay-Ki initiate us into this evolutionary journey by:

- *Awakening our inner healer.*
- *Upgrading our energy field.*
- *Connecting us to the wisdom of the lineages that guide and support us on this journey.*

Munay-Ki Rites are **powerful tools for personal healing**. With each rite we receive a seed that we can germinate and feed until it grows within us to be shared with others. We start by connecting with the lineage of healers that help us look inward to discover what needs to be healed to be in greater harmony with our surroundings.

We pay attention to our needs.

We are connected to "ME". Each of the initiations opens our hearts more, and our **love expands from "ME" to "WE"**.

As our perspective is widened, we experience interconnectedness of all life and oneness with the universe and the spaces in between.

Gifting the Seeds of Munay-Ki

- Four elements are transmitted:
 - The **seed of the Rite!**
 - The **seed of the lineage!**
 - The **way the lineage lived in the giver!**
 - The **wisdom that the giver acquired with the lineage!**

We become co-creators and dreamers of the world of beauty for generations to come. Beauty inside of us, below us, above us, to the left of us, to the right of us, in front of us and behind us, beauty all around us!
